CHAPTER VII.

AN ACT for making good Deficiencies & for preserving the Publick Credit

Rot. Parl. 1 Anne, p. 2. n. 6.

Reciting that the Sum of £515,165 4s. 7¼d. and upwards will be wanting to discharge the outstanding Bills of Credit herein mentioned, and Interest thereon.

WHEREAS several Bills of Credit commonly called Exchequer Bills were made forth and issued by divers Acts of Parliament which were made and passed in the Reign of His late Majesty King William the Third (of blessed Memory) and many of the said Bills have been already discharged out of the several [Aids[2]] or Supplies which were provided by several Acts of Parliament for or towards the discharging and cancelling the same But over and above the Moneys already applied towards the discharging and cancelling the said Bills and over and [above the[2]] Moneys which are yet to arise from the said Aids or Supplies formerly provided for that Purpose it is computed that there is and will be wanting the Sum of Five hundred and fifteen thousand one hundred sixty five Pounds Four Shillings and Seven Pence Farthing to discharge all the Principal Moneys contained in such of the said Bills as are now standing out and unsatisfied and so much more as will be sufficient to discharge all the Interest due and to grow due thereupon

II. And that the Land Tax of Stat. 8 & 9 W. III. c. 6. had not been sufficient to satisfy the Loans made upon the Credit thereof.

AND whereas it appears that the Pound Rate or Land Tax of Three Shillings in the Pound granted to His said late Majesty by an Act of Parliament in the Eighth Year of His Reign hath not been sufficient to satisfie all the Loans which were made upon the Credit of the same Pound Rate or Land Tax and that over and above all Arrears of the said Pound Rate not yet recovered there is and will be deficient and wanting to discharge all the Principal Money so lent the Sum of Four hundred and fifteen thousand ninety nine Pounds and so much more as will be sufficient to discharge the Interest after the Rate of Eight Pounds per Centum per Annum due and to grow due thereupon

III. The like Recital as to the Duties of Stat. 8 W. III. c. 7.

AND whereas the Duties upon Paper Pastboard Vellum and Parchment which were granted to His late Majestie for Two Years from the First Day of March One thousand six hundred ninety six by an Act passed in the Eighth Year of His Reign did prove insufficient to satisfie all the Monies which were borrowed upon Credit of that Act so that there is deficient and wanting the Sum of Fifteen thousand four hundred Pounds to discharge all the Principal Moneys so borrowed and so much more as will satisfie the Interest due and to grow due for the same after the Rate of Eight Pounds per Cent: per Annum

IV. Reciting that the Sum of £579,060 and upwards was wanting to discharge Malt Tickets and Interest, under Stat. 8 & 9 W. III. c. 22.

AND whereas several Tickets were made forth and issued by vertue of an Act made and passed in the Eighth Year of the Reign of His said late Majesty whereby certain Duties were laid upon Malt and other Things therein mentioned and many of the said Tickets have already been discharged out of the same Duties or otherwise but it is computed that there is deficient and wanting to discharge all the Principal Moneys contained in such of the said Tickets as are now standing out and unsatisfied the Sum of Five hundred seventy nine thousand and sixty Pounds besides what will be necessary to discharge the Interest due and to grow due upon the said unsatisfied Tickets or such of them as do bear Interest after the Rate of an Half Penny per Diem for each Ten Pounds thereof

V. And that Duties upon Leather under Stat. 8 & 9 W. III. c. 21. were insufficient;

and that the Aid of Stat. 9 W. III. c. 38. was insufficient.

AND whereas it is evident that the Duties upon Leather which were granted to His said late Majesty by an Act passed in the Eighth Year of His Reign for Three Years from the Twentieth Day of April One thousand six hundred and ninety seven and which were thereby appropriated to and for the Payment of so much as then remained unpaid of the Sum of Five hundred sixty four thousand seven hundred Pounds formerly lent upon certain Duties upon Coals and other Things therin mentioned and the Interest thereof have not been sufficient for that Purpose so that there is wanting to discharge the Principal Money still remaining unpaid of the Sum last mentioned the Sum of Five hundred and Four thousand four hundred thirty eight Pounds besides the Interest thereof due and to grow due after the Rate of Seven Pounds per Cent: per Annum And that the Moneys granted to His said late Majesty by the Act passed in the Ninth Year of His Reign for an Aid by a Quarterly Poll for One Year including therein such Arrears of the said Poll as are still recoverable do not extend to satisfie all the Principal Monies which were borrowed upon the same Act by the Sum of Two hundred and twelve thousand seven hundred and seventy Pounds Seventeen Shillings which with the Interest thereof due and to grow due after the Rate of Eight Pounds per Centum per Annum are and will be likewise deficient And that the Moneys granted to His said late Majesty by the Act passed in the Tenth Year of His Reign for granting the Sum of One million four hundred eighty four thousand and fifteen Pounds One Shilling and Eleven Pence Three Farthings for

and the like Recital as to Monies granted by Stat. 10 W. III. c. 9. and that the Sum of £25,823. 2s. 9d. and upwards was wanting.

VI.

AND whereas at Michaelmas One thousand seven hundred and one the Sum of Seventy thousand eight hundred seventy two Pounds Eleven Shillings and One Penny Half Penny was wanting to compleat the Payments then due and incurred for and upon the yearly Sum of One hundred and sixty thousand Pounds which by an Act passed in the Ninth Year of His said late Majesties Reign was intended to be paid out of certain Duties upon Salt and upon Stampt Velom Parchment and Paper for the Purposes therein mentioned and ought to have been made good in pursuance of the same Act all which said Sums of Money so reckoned to be deficient or wanting to pay off the Principal Money borrowed as aforesaid or contained in the said Exchequer Bills and Malt Tickets do amount in the whole to the Sum of Two millions [three hundred[1]] thirty eight thousand six hundred twenty eight Pounds Fifteen Shillings and Five Pence Three Farthings besides the Interest due and to grow due as aforesaid We Your Majesties most dutiful and loyal Subjects the Commons of England in Parliament assembled being desirous to raise such Aids and Supplies as may make good the said Deficiencies and preserve the Publick Credit do cheerfully and unanimously give and grant to Your Majesty the Supplies Impositions and Duties herein after mentioned for the Terms herein after expressed and do most humbly beseech Your Majestie to accept thereof and that it may be enacted and be it enacted by the Queens most Excellent Majesty by and with the Advice and Consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the Authority of the same That the Subsidy of Tonnage and Poundage and other Sums of Money payable upon Merchandizes exported and imported which were given and granted unto His late Majesty King Charles the Second for His Life by an Act of Parliament made in the Twelfth Year of His Reign intituled A Subsidy granted to the King of Tonnage and Poundage and other Sums of Money payable upon Merchandizes exported and imported and which by several Acts of Parliament since made have been granted for several Terms and are to continue until the First Day of August One thousand seven hundred and six shall be further continued to Her Majesty Her Heirs and Successors from the last Day of July which shall be in the Year of our Lord One thousand seven hundred and six until the First Day of August which shall be in the Year of our Lord One thousand seven hundred and ten and no longer And that the said Act made in the Twelfth Year of the Reign of King Charles the Second and every Article Rule and Clause therein mentioned and also an Order of the Commons in Parliament assembled made in pursuance of the Rules and Orders annexed to the aforesaid Act for settling of Officers Fees dated the Seventeenth Day of May One thousand six hundred sixty two and signed by Sir Edward Turner then Speaker shall be of full force and effect to all Intents and Purposes until the said First Day of August One thousand seven hundred and ten as fully and in like Manner as if the same were particularly and at large [set down and recited[2]] in the Body of this Act

And reciting that at Michaelmas 1701 the Sum of £70,872. 11s. 1½d. was wanting to complete Payments due for the yearly Sum of £160,000, under Stat. 9 W. III. c. 25.
